I am very enthusiastic about this caterer because she delivered! The presentation of the offerings on a buffet table were displayed with artistry and attention to detail. From the draping of the table, to a carved fruit display, and unique serving pieces, combined to create a table that was pleasing to the eye.

But, for true success, the palate must be satisfied and Aleta Higgins surpassed my expectations. The food was tasty, unique and interesting, and abundant. The venue was new to all of us and presented some challenges. Aleta worked with the issues that arose in a calm, competent manner and contributed to the over-all sense that everything is under control. What a gift this was to all concerned. I highly recommend The Frugal Gourmet Catering Company for providing personal service, wonderful food, and professionalism that rises to meet the unexpected.

The Frugal Gourmet Catering Company was excellent to work with! They catered my Bridal Party Luncheon the day of my wedding and made it such a stress-free event, allowing me to really spend time with my Bridal Party! The dining room has a beautiful rustic appearance and feel that was suited to the theme of my wedding. The natural wood throughout the dining room is absolutely gorgeous and provides a soft, warm feeling. The service was spectacular making the event a relaxing time with friends rather than a stressful beginning to a crazy day. The food was outstanding, the selection of Quiche was delicious and the cinnamon rolls are to die for!!! The fresh fruit display was also gorgeous. It was as pretty as it was healthy and delicious. Each dish was beautifully plated in a professional style that only added to the delectable taste. Aleta was great to work with and is an amazing Chef. She really understood my vision for the Luncheon, which made the planning a much simpler and enjoyable process.

Frugal Gourmet catered our son and daughter in law's rehearsal dinner and wedding reception. We were extremely pleased with both events and would ask them to cater any future events without hesitation. They were very accommodating to personal requests and bent over backwards to meet all our needs. Delicious food and beautiful presentation as well! We enlist Frugal Gourmet to cater 4-5 major events every year. This says it all!
